

**This photo shows and demonstrates clearly who orders at the top of the Malagasy State at present. All the files and cases concerning this lady, Me Nicole Randrianarivonon, will disappear. From this April 10th, 2016 thus, Madagascar belongs to them. Bah, which will survive will see**

But what thus still made there this *"incredible"* (in french without credibility) president, my God? A photo and two videos summarize the personality of this character who, without surprise –set apart for the deceived and those who ignore the progress of the last two years of this IVth Malagasy republic- has thus just been chosen to replace a treacherous Jean Ravelonarivo totally overtaken by events, General of the last two days. For Hery Rajaonarimampianina, he is assured for 1000% that this Olivier Mahafaly will never betray him. Bah, read the Bible and you will know where sits Judas during the Last Supper. And the CRA ([Club of the regents starving women](#)) of Voahangy X. has still won a battle. Only they will never win the war which is outlined on the horizon ...

**In this video, Olivier Mahafaly plays the puppeteers with his 10 fingers. Why? Because the vote of censure against the Prime Minister, Jean Ravelonarivo, was rejected! What a**

beautiful logic, no?

**lavoloha palace, 10 April 2016. For what can hope the Malagasy people with Prime Minister so made thinner as we see above? The taxpayers are again going to pay for his treatment (Dafalgan 1gx4 a day, Perindopril 8mg, Inexium 40mg in the morning and evening) before removing his abdominal sutures**

In any case, what is grave for Madagascar, thus it is that this Prime Minister in the orders of the entourage of the family Rajaonarimampianina is going to excel in erasing all the prosecution concerning this entourage. Particularly the diversions of public money committed by Claudine Razaimamonjy. It, with the use of the dictatorship, in the name of *"the best interests of the Nation"* . Believe in me if you

want him but this president really not as the others,

**has just committed his last error of judgment by choosing a 52-year-old man still**

**weakened by a recent disease**

and known by a language far from the realities.

**In this video, we hear Olivier Mahafaly to say that he will not give the 5 millions of ariary planned to Raodimanana because this one had not voted for Hvm. And thus the same Olivier Mahafaly became a Prime Minister. All about this corruption [HERE](#)**

Pressed for time, he has no more sense of the discernment and the sense of the State. Let us pledge that the future Secretaries will be in keeping the mission of which will be to put Madagascar under the carve-up of the party Hvm with the aim of making reelect Hery Rajaonarimampianina. All ignore what the X Factor means. They will may groom the constitution, nothing can be done. It is the beginning of the end for this diet(regime) in the tendency too much pronounced for the money connected to a lent power. For the moment, poor country, poor Malagasies already pauperized excessively. Glimmer of hope: we wait for the court on the rosewood in Singapore. It, this Prime Minister cannot conceal it.

Morality: waste of time and waste for nothing even if the Big island of the Indian Ocean and well and truly become the republic of choose without any solid political program. A republic of chosen people where more we are hopeless in governance, but where we defend well the interests of the presidential family, more we are promoted. The proof must to be made. He is certain that president Hery Rajaonarimampianina does not have self-control anymore and of the country which is going to plunge directly into a socioeconomic chaos - and even political unprecedented. Yes, in Madagascar, for this diet Hvm/Rajaonarimampianina, carrots are well done. But for whom really? I am not a soothsayer but remember X Factor ...
