*générale”*

faha-77-ny Firenena Mikambana izay nampitondraina ny lohahevitra hoe:

Kihon-dalana iray: Fotoana fitadiavana vahaolana hanovana ireo tranga isan-karazany mampifamatotra ny zanakolombelona. Anisan'izany

ny aretina Covid-19; ny ady any Okraina; ny fiovan'ny toetrandro mbola tsy fahita hatramin'izay ary ny tahotra momban'ny loza mitatao eo amin'ny lafiny ara-ekonomika maneran-tany mihitsy.

Arak'izany dia ilaina tokoa ny mikaroka sy mifantoka amin'ny vahaolana iraisana, eo anatrehin'ireo krizy ireo hananganana tontolom-piainana milamina sy sy maharitra kokoa ho an'ny rehetra sy ho an'ny taranaky ny zanak'olombelona ho avy.
